

Disabled? Love sport?

It's a win win.

The Channel 4 Rio Production Training Scheme
12 month paid placements nationwide • To £18k

At the London 2012 Paralympic Games, 50% of Channel 4's on-screen team were disabled – including three anchor presenters and many reporters. For the Rio 2016 Paralympics we are planning another revolution – this time behind the camera. So be one of the 24 disabled people we're looking for to spend a year working on top sports productions in a variety of roles. Ultimately you could get the chance to work in Rio! Whatever your experience and whatever you're doing now, if you love sport and want to bring it to new audiences, we want to hear from you.
